

# *Freedom Life Centre Ministry in Year 2000*

We have printed this map of Australia showing all the places where Freedom Life Centre have held seminars in the year 2000. We thought you might find it interesting to actually see where the ministry has been during the year. Col and Hazel Warren and Tom and Sylvia Lagerwey undertook the South Australian and Western Australian trip driving in their 4-wheel drives and towing caravans. We praise God for their safe travel during those hundreds of kilometres. We were

pleased to welcome them home after having been away from the end of July to almost the end of November. During that time, three or four weeks were spent on much needed rest.

The time spent conducting these seminars is special. We give God the glory for the gift of teaching and ministry given to Col and ask God's continued blessing on him in this ministry as he leads these seminars.
